

MARCH 2019

HIV AND RYAN WHITE MISSISSIPPI

HIV IN MISSISSIPPI, BY THE NUMBERS : ¹

9,458: the number of Mississippians living with diagnosed HIV/AIDS in 2016.

8th in the nation: in HIV diagnosis rates in 2017.

12th in the nation: in AIDS death rates in 2016.

11th in the nation: for HIV prevalence rates in 2016.

Mississippi

DEPENDS ON RYAN WHITE : ²

- An estimated **4,765 Mississippians** received services through Ryan White in 2015.
- **69.9%** were living at or below the poverty line.
- Since Ryan White is legally required to be the "payer of last resort," these people did not have other access to medical or support services.

Federal Ryan White Funding in MS ³

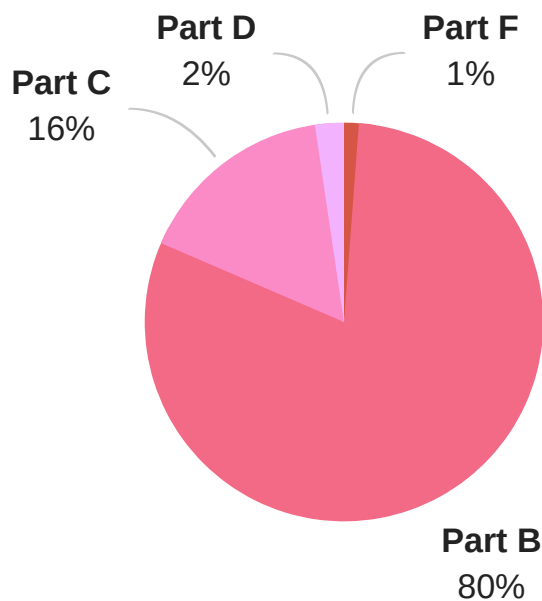

Part A: \$0.0M

Part B: \$17.51M

Part C: \$3.53M

Part D: \$0.51M

Part F: \$0.26M

Mississippi received **\$21.83 million** in Ryan White funds in 2018

- **\$7.82 million** went to the AIDS Drug Assistance Program (ADAP).
- Over the past five years, annual funding has increased by **18%**.
- **The Ending HIV Epidemic: Plan for America** would increase funding amounts because Mississippi has a substantial rural HIV burden.

RYAN WHITE WORKS!

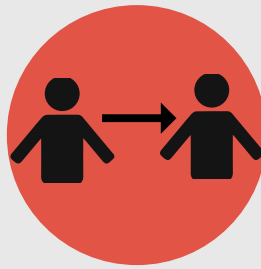

Ryan White services keep HIV-positive individuals in treatment and care

With treatment, people with HIV can live active, healthy lives.

People whose virus is suppressed for 6 months cannot transmit HIV through sex.

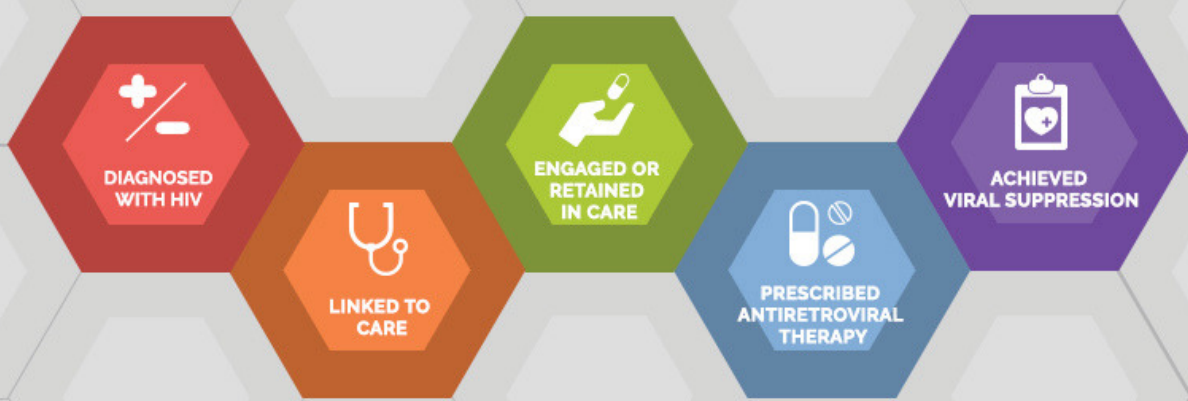

But, if disconnected from care, resistance to medications can develop making it easier to transmit HIV. Moreover, without treatment HIV is deadly.⁴

RYAN WHITE PROVIDES SERVICES ACROSS THE HIV CARE CONTINUUM

HIV CARE CONTINUUM:

THE SERIES OF STEPS A PERSON WITH HIV TAKES FROM INITIAL DIAGNOSIS THROUGH THEIR SUCCESSFUL TREATMENT WITH HIV MEDICATION

While only **60%** of people nationwide have a viral load that is effectively suppressed as of 2015,⁵ **85.9%** of HIV-positive clients who had received at least one Ryan White funded medical care visit have achieved viral suppression.⁶

WITHOUT MEDICAID EXPANSION, MISSISSIPPI RELIES ON RYAN WHITE MORE THAN OTHER STATES.

1,605 Ryan White program clients living with HIV in Mississippi had no insurance coverage other than Ryan White in 2015.⁷

No other program provides the same set of gap-filling services or care as Ryan White. Even after health reform, **Ryan White remains crucial for Mississippi.**
