

MARCH 2019

HIV AND RYAN WHITE NORTH CAROLINA

HIV IN NORTH CAROLINA, BY THE NUMBERS¹

30,310: the number of North Carolinians living with diagnosed HIV/AIDS in 2016.

6th in the nation: in the number of new HIV diagnoses in 2017.

9th in the nation: in the number of HIV deaths in 2016.

10th in the nation: in HIV prevalence numbers in 2016.

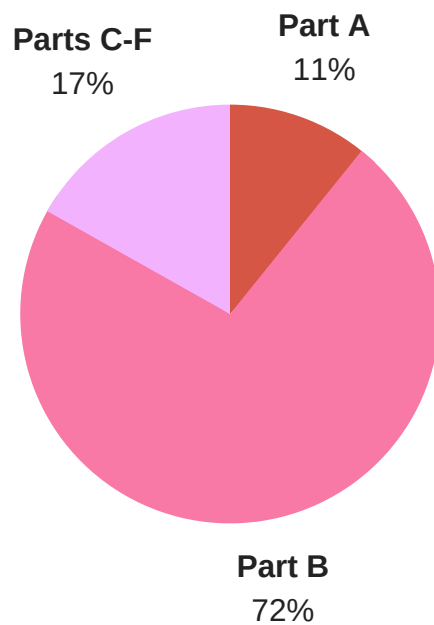

DEPENDS ON RYAN WHITE:²

- An estimated **15,953 North Carolinians** received services through Ryan White in 2015.
- **60.3%** were living at or below the poverty line.
- Since Ryan White is legally required to be the "payer of last resort," these people did not have other access to medical or support services.

Federal Ryan White Funding in NC³

Part A: \$6.23M
Part B: \$41.80M
Part C: \$6.11M
Part D: \$3.56M
Part F: \$0.05M

North Carolina received **\$57.8 million** in Ryan White funds in 2018⁴

- **\$23.8 million** went to the AIDS Drug Assistance Program (ADAP).
- Over the past five years, annual funding increased at a rate below the general rate of inflation: **2.23%**.
- The **Ending HIV Epidemic: Plan for America** would increase funding to Mecklenburg County.

RYAN WHITE WORKS!

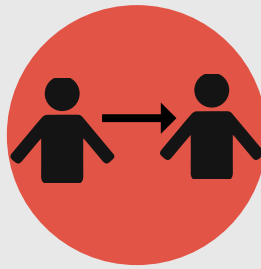

Ryan White services keep HIV-positive individuals in treatment and care

With treatment, people with HIV can live active, healthy lives.

People whose virus is suppressed for 6 months cannot transmit HIV through sex.

But, if disconnected from care, resistance to medications can develop making it easier to transmit HIV. Moreover, without treatment HIV is deadly.⁴

RYAN WHITE PROVIDES SERVICES ACROSS THE HIV CARE CONTINUUM

HIV CARE CONTINUUM:

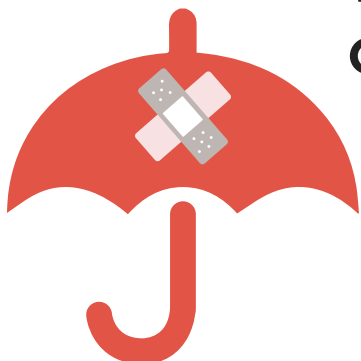

THE SERIES OF STEPS A PERSON WITH HIV TAKES FROM INITIAL DIAGNOSIS THROUGH THEIR SUCCESSFUL TREATMENT WITH HIV MEDICATION

While only **60%** of people nationwide have a viral load that is effectively suppressed as of 2015,⁵ **85.9%** of HIV-positive clients who had received at least one Ryan White funded medical care visit have achieved viral suppression.⁶

WITHOUT MEDICAID EXPANSION, NORTH CAROLINA RELIES ON RYAN WHITE MORE THAN OTHER STATES.

6,104 Ryan White program clients living with HIV in North Carolina had no insurance coverage other than Ryan White in 2015.⁷

No other program provides the same set of gap-filling services or care as Ryan White. Even after health reform, **Ryan White remains crucial for North Carolina.**
